

1st NARG workshop on the Petroleum Geology of the NW Africa Rifted Continental Margin

A workshop for Universities, Government Agencies and Industry

15-19th April 2019

15th -17th April: Courses

- | | | |
|--------|---|---|
| Day 1: | Tectonics of rifted continental margins | (Prof. Giovanni Bertotti) |
| Day 2: | Seismic analysis and Petroleum Systems | (Prof. Jonathan Redfern) |
| | Biostratigraphy | (Dr Luc Bulot) |
| Day 3: | Geology of the NW Africa continental margin | (Profs. Giovanni Bertotti and Jonathan Redfern) |

Who should attend: Suitable for final year undergraduates, MSc and PhD candidates, graduate geoscientists.

Where?: Cheikh Anta Diop University

18th April: Research day

Industry, Academia and governmental organizations discuss exploration and production challenges searching for synergies and developing new research plans

Who should attend: Personnel of mentioned organizations

Where?: to be determined
